

LuxeMate 525

Professional gaming keyboard

LuxeMate 525 is the latest gaming keyboard from Genius. This professional design has sleek ergonomic game hot keys on the left side and keeps your wrists in a comfortable position. You can store three different game groups using the built in lighting switch buttons. The 26 programmable macro key is ideal to record commands for gaming weapons or action games. And the 64KB on board memory lets you save your commands for different kinds of games.

LuxeMate 525 is high value design with large keycap structure with low noise. Six direct action gaming keys make it more convenient. Plus 13 easy touch buttons for multimedia center, Internet Explorer, Mail folder, MSN and more, it works great with Windows® applications. A built in audio in/out port lets you connect a microphone and speaker to play your games.
